Continuum of Care
We’re here to help!

Crisis Intervention
When a crisis strikes, every minute counts.

- Our 24/7 hotline is staffed by skilled, bilingual professionals who can determine the best course of action through ACH or through a referral to other community services. Last year, our Assessment, Intervention and Referral Services (AIRS) team answered 2,769 calls.
- For youth feeling unsafe or threatened, help is as close as the nearest of 250 Safe Place sites, including all area QuiKTrip locations. With one call, fast help will be coming from ACH.
- Our Youth Emergency Shelter offers 24/7 safety and care to youth ages 10-17 who are runaways, homeless or experiencing or at risk of sexual exploitation and/or trafficking. ACH works to quickly reunite them with their families or find alternative living arrangements.
- The Turning Point program is an innovative crisis stabilization and respite program delivered in a home-like setting for youth in foster care ages 10-17. Turning Point acts as a caring alternative to what can be more traumatizing hospitalizations. The program is located at our Wedgwood Residential Campus.

Foster Care and Adoption
Providing safe, caring and love-filled homes for children.

- When children can’t live with their biological families due to abuse and neglect, ACH Foster Care services seek other caring adults who open their homes and hearts to children needing a safe, family environment. Treatment Foster Care is designed to give children with special needs or emotional/behavioral issues the level of care they need.
- Kinship Connections is a voluntary program which offers support to families who are caring for relative children with an array of services that may include support groups, parent education, in-home services, referrals, concrete services, and assistance to licensure or adoption.
- The goal of our foster care program is reunification, but when that is not possible ACH Adoption services matches children with a caring, forever-family who has been educated about their needs and embraces them into their family with a lifelong commitment.

Family Services
We are committed to always thinking family first.

- Youth and Family Counseling and Skill-Builder Classes deal with issues like anger management, bullying, reducing conflict and parenting wisely. Last year, these Real Help for Real Life programs provided 4,894 hours of counseling valued at $1,500,000 — all free of charge.
- Families Together provides transitional housing for single mothers and their children who are experiencing homelessness due to domestic violence. At the same time, ACH helps them heal from their trauma and develop their independence.
- The Kinship Navigator program is specifically designed to increase awareness in our community of the value that kinship caregivers provide and the needs and barriers they face in caring for relative children. The program offers outreach, education, and support for these families. Our staff will work to provide meaningful engagement, help, and connection to resources that may be needed.

Residential Services
Providing a caring, stable and safe environment during healing.

- Our Wedgwood Residential Campus features six houses and a private park where kids can attend local schools while learning to deal with their trauma. Behavioral Care helps kids with moderate to severe behavior problems, ages 4-12, learn adaptive behaviors in a structured residential environment.
- Wedgwood also provides The Morris Program for 14-17 year-olds who are unable to live with their families. The program assists youth with family reunification and also develops life skills to support their transition to independent living.
- Youth aging out of foster care often find they’re not yet prepared to succeed in life. The LIFE Project (Learning Independence from Experience) is a supervised independent living program that provides young adults 18-21 the opportunity to live and learn in a more self-directed environment that inspires the confidence and self-sufficiency youth need to live on their own.
- Residential Treatment Center puts some of the most vulnerable youth in the foster care system on an accelerated path to success. When these teens understand they are in a safe place with adults who can be trusted, our goal is to help heal their trauma within a year. We can then connect them to a support system before eventually living successfully in a family.

Community-Based Care
An improved approach to foster care

In 2014, ACH created the Our Community Our Kids (OCOK) division to pioneer an innovative, improved approach to foster care services in Texas. The improvements OCOK delivered in seven North Texas counties — including keeping abused and neglected children safe, quickly finding placements within their community and keeping siblings together more often — helped Community-Based Care (CBC) become state law in 2017. OCOK continues to lead the way as the first nationally accredited community-based care contractor in Texas to oversee conservatorship case management, helping to find the child a permanent home timely and safely.

Last year, ACH brought hope to more than 29,000 individuals.
Our vision is to be a leading agency in the communities we serve, so families thrive and children experience safety, hope and love.

Why We Do What We Do
Our community is counting on us.

5,506 children were abused or neglected in Tarrant County in 2022, the third highest number of confirmed cases of any county in Texas.

1 in 5 homeless persons is age 18 or under

25% of youth who age out of the foster care system experience homelessness by age 22

51% of girls who age out of the foster care system will be pregnant by age 19

only 3% of youth who age out of the foster care system will complete college

With over a century of experience, ACH brings needed resources and skills to children and families struggling with life’s challenges. Some of our programs keep children and families together while others provide a healing home for children who can’t live with their families.

ACH has been accredited by the Council of Accreditation every year since 2003. Our Community Our Kids since 2018.

FUNDING PARTNERS AND SERVICE AREAS
Crisis Hotline Funding partner: Texas Prevention and Early Intervention. Families Together Service area: Tarrant County. Counseling and Skill-Building Classes Funding partner: Texas Prevention and Early Intervention. Service area: Collin, Cooke, Dallas, Denton, Ellis, Erath, Fannin, Grayson, Hood, Hunt, Johnson, Kaufman, Navarro, Palo Pinto, Parker, Rockwall, Somervell, Tarrant and Wise counties. ACH also partners with Our Community Our Kids in Community-Based Care in Region 3b (Erath, Hood, Johnson, Palo Pinto, Parker, Somervell and Tarrant) to ensure the best possible placements are found for children who cannot reside with their biological families.
